Role: Associate Consultant

Description

As an Associate Consultant at GEP, you will be involved in every phase of a consulting engagement, from the initial research stage through to final implementation of your recommendations.

New consultants will improve their problem solving skills, analytical capability, communication skills, teamwork, project management, and creativity. GEP clients value our collaborative style and focus on tangible benefits such as P&L impact.

As part of your responsibilities, you will:

- Understand client needs
- Gather and analyse relevant data, using the latest technology
- Help clients on their journey to best-in-class supply chain processes
- Develop negotiation strategies and solutions to problems
- Engage the GEP consulting community for best practices
- Present findings to clients in a concise and impactful manner with clear insights and recommendations
- Assist with business development and firm-building activities

Key Requirements:

- Excellent Bachelor’s / Master’s Degree (any discipline)
- Problem-solving and analytical skills
- Teamwork and communication skills
- High attention to detail
- Creative mindset
- Fluency in English and German and/or French preferred
- Flexibility and willingness to travel

To apply, please email your CV and cover letter to UKgradrecruiting@gep.com.

In your cover letter, please indicate your availability, work eligibility and respond to the following three questions:

1. Why are you interested in strategic sourcing and supply chain management consulting?
2. How does your past experience – academic or professional – prepare you for this role?
3. How does a company’s procurement team add value to the bottom line? Please give examples.
